SINCE  
1948

PRESIDENT JAKE ZALKOWITZ (RIGHT)  
WITH HARRY FRANKLIN, SALES MANAGER  
- TAYMOR & CO. 1962

Built on a solid reputation of quality, design and service, Taymor is one of North America's leading architectural hardware designers and distributors. Family owned since 1948, the same enduring values that motivated founder Jake Zalkowitz, inspire our company today. Our commitment to our people and to our customers is at the heart of our offering, which underlines our award-winning emphasis on quality, affordability and unparalleled value and service.

# HERE & NOW

**Our philosophy** continues to drive us to engineer style, performance, and affordability into all of our products. We simplify selection with unique coordinated collections that inspire and make it easy to harmonize design throughout your home. Developed and manufactured to stringent quality standards, our interior and exterior doorware, bathware, and faucets, go beyond design to offer smart choices for your home.

# +NEW NOTEWORTHY

66 Design is more than just fashion — it is embedded in our everyday lives. At Taymor we create thoughtfully designed products that blend form, function and beauty to make our everyday surroundings better. To this end, I am pleased to present our new and noteworthy products that we hope will both inspire and delight.

VIVIAN ZALKOW, CEO

### 1. BARCELONA

Art meets function in this exclusive Taymor design that combines sculptural geometry in a graceful cylindrical form — redefining the traditional doorknob. Available in a range of finishes. [see pg. 11]

### 2. THE LONDON

Crisp, modern and direct; this exclusive Taymor handleset can go Modern, Craftsman or Mission style. Its substantial presence, proportions and bold design make it perfect for large entry doors. Try it in our new Matte Black finish. [see pg. 10]

### 3. SHINE BRIGHT

The designer of this modern Cape Cod style home chose Taymor's Fjord handleset in bright Polished Chrome to set off a sunny and invigorating front entry door. A mix of Satin Nickel and Polished Chrome finishes adds to the eclectic style that is composed yet casual. Taymor's Modern House Numbers, Modern Door Knocker and Kick Plate complete the look. [see pgs. 23, 42, 43, 45]

5.

### 4. MAKE IT YOURS

All of our Premier levers include an elegant round rose, but now you can up your style game with an optional square rose kit. Didn't anyone tell you? It's hip to be square. [see pg. 16-17]

### 5. SIMPLY VEGA

Peaceful simplicity is found in this spa-like ensuite that features one of our most popular Premier door levers, the Vega, paired with our Wave bathware collection. Both are distinguished by a minimalist aesthetic expressed through the purity of line and form — making them a great fit. Pictured is Vega in Polished Chrome with the optional square rose for a modern edge. Visit us at [taymor.com](http://taymor.com) for more information on our bathware collections. [see pgs. 11, 17]

# PREMIER RESIDENTIAL LOCKS

BECAUSE THE DETAILS MATTER

LONDON HANDLESET IN MATTE BLACK

## RESIDENTIAL LOCKS

Featuring the latest looks in locksets, including our exclusive Barcelona knob and an array of interior levers — with optional square rose kits — our best-in-class Premier series makes it easy to transform your space. Premier locksets are precision-engineered, featuring a rugged all-metal chassis design for outstanding durability at its core. Fully reversible and easy to install with 6-in-1 latches, built-in screw guides, pressure tabs to prevent lock rotation, and a floating latch installation; the Premier series ensures smooth operation for years to come. Superior quality and ease of installation are just some of the reasons professionals have trusted Taymor's doorware for more than 60 years. Select Taymor Premier products and create a space you'll love to live in.

### MAKING THE GRADE

Taymor meets performance standards set by the Builders Hardware Manufacturers Association (BHMA) and the American National Standards Institute (ANSI) for builder's hardware. The standards are defined by grades in which there are progressive levels of performance benchmarks. The purpose of standardized ANSI/BHMA product grades is to help identify the quality and durability of door hardware through a series of operational and security tests.

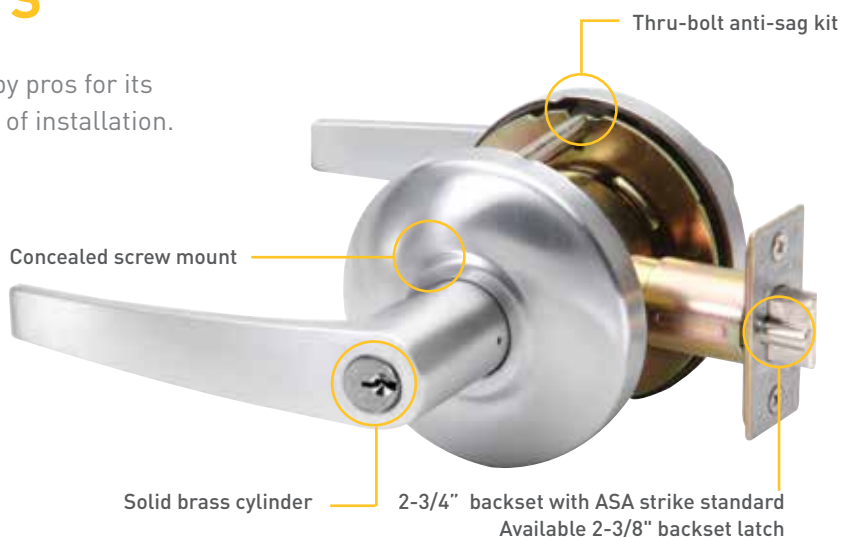

**Grade 1** is the strongest grade available for maximum duty commercial applications.

**Grade 2** is designed and built to offer excellent security and durability for heavy-duty commercial applications.

**Grade 3** offers reliable security for both residential and light-commercial projects.

# CYLINDRICAL LOCKSETS & DEADBOLTS

# WARRANTY INFORMATION

## WARRANTY

Taymor is pleased to offer a Mechanical and Finish Warranty against defects in materials and workmanship for one full year to the original purchaser, effective from the date of purchase, unless otherwise specified. This warranty excludes products that have been damaged through misuse, accidental damage, alteration, normal wear and tear, or the use of corrosive or abrasive cleaning agents. This warranty is non-transferrable and applies to products installed in a residential setting. Commercial use is only covered for our Commercial products as outlined in the chart below. Taymor is not liable for damages caused by incorrect installation nor incidental or consequential damages. At the company's discretion, Taymor will replace any part or finish that proves to be defective in material and/or workmanship under normal installation, use and service.

**Applies to Taymor Professional Series® Concierge electronic deadbolts only.						

## CARE AND CLEANING TIPS

Taymor uses advanced technology to create a finish highly resistant to the effects of weather and normal wear and tear. Over time, frequency of use will cause some finishes to gracefully age in appearance. Additionally, exposure to atmospheric conditions and elements such as cleaning chemicals may cause some changes to occur. These finish changes are not considered manufacturing defects and are not covered by warranty. Rather, they are indicative of normal wear and tear. As always, following the manufacturer's care instructions will safeguard the longevity of your cherished Taymor product.

**DO:** Clean the product with mild soap and warm water. For best results, dry immediately with a soft, clean cloth.

**DON'T:** Do not use abrasive sponges or scouring agents for cleaning. We also advise against the use of solvents or acidic cleaners, lime scale removers, household vinegar and cleaning agents containing acetic acid.

**For additional information** or questions regarding Taymor warranties, please contact our Customer Service team:
