

# INTERIOR COLLECTION **2017**

---

[www.trimlite.com](http://www.trimlite.com)

## OUR STORY

For over 30 years, Trimlite has been committed to producing high quality interior and exterior door and glass products. Founded in Vancouver, British Columbia, we operate manufacturing facilities in 4 countries along with distribution locations across North America. Managing one of the largest wood door manufacturing facilities in Western Canada, our team creates beautiful doors to meet your specific requirements.

Our Interior Door Collection is focused on the simple premise of crafting doors for the design needs of our diverse customers. It has something for every architectural space and style.

At Trimlite, Handcrafted Construction meets Modern Design.

## Privacy Guide

Trimlite offers an extensive line of glass options to choose from and the degree of openness or obscurity varies considerably. With each design, we have included a number which represents the “Privacy Level” for that product. Please refer to the guide below.

<b>PRIVACY</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>	<b>7</b>	<b>8</b>	<b>9</b>	<b>10</b>
	<b>COMPLETELY CLEAR</b>	<b>DIFFUSED/DISTORTED</b>				<b>COMPLETELY OPAQUE</b>				
	Objects can be clearly seen through the glass from the opposite side.	Objects are distorted, but can still be detected from the opposite side.				Only light will travel through from the opposite side.				

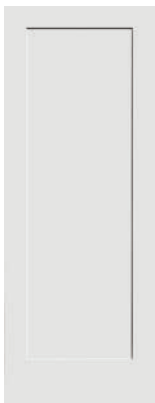

Trimlite's shaker doors are factory primed for your convenience.

With many different styles to choose from, our primed doors will be the right fit for any project.

Available options in 1-3/8" and 1-3/4" thicknesses, 6/8, 7/0, and 8/0 Heights, and with a 20-Minute Fire Rating. See our sizing chart on Page 34-35 for more details or contact your local Trimlite location.

# HIGH DEFINITION DOORS

8402 HD Shaker

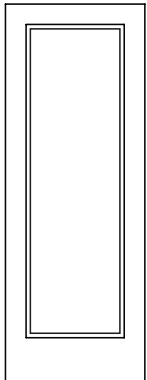

Trimlite's High Definition shaker door combines the sharp edges and clean lines of traditional shaker doors with a contemporary twist. True 90 degree angles where the panel meets the solid wood stiles and rails give this door a clean look.

PLANTATION LOUVER DOORS | Primed

8730 Louver

Louver Door 6/8 1-3/8"

Trimlite's Primed Louver door increases ventilation and promotes airflow between rooms while providing the strength and stability of true stile and rail construction.

Our 3-1/4" Louver slat allows for increased privacy while maintaining all of the conventional benefits of a venting Louver door.

# FRENCH DOOR COLLECTION

Primed Rooftop French door

# WHITE SILK

Silk laminated glass provides texture and privacy in one. We use a thicker 9mm piece of laminated glass that provides additional privacy and noise reduction. The glass not only enhances the look of door, but also provides warmth to the rest of the home. This door comes standard with our quirk bead in our 8601 door. Please see our sizing chart on Page 34-35 for more details or contact your local Trimlite location.
