PRODUCT GUIDE

Introduction

SJ Imports Ltd. was incorporated in 1986 in the Province of British Columbia, Canada. At the beginning the company was more focussed towards providing brass decorative giftware and door hardware to the people of Canada.

In 2002, SJ Imports Ltd. changed its direction and focussed more on providing innovative and value added hardware products and accessories to the builders industry. While adopting this change, the company's commitment to meet the customer needs was the top priority. As a direct importer for most of the products in the catalogue and a local manufacturer of certain non standard items that has become the basic needs in the growing residential and commercial housing industry, sj imports ltd. launched its door hardware division under the name "RELIANCE LOCKS" & HARDWARE and registered its trade mark in Canada.

In British Columbia SJ Imports Ltd. has been dealing with most the door pre-hangers, manufacturers and retailers offering a variety of Door Lock, Hinges, Bathroom Accessories, Mail Boxes, Mail Slots, Numbers & Letters, Door & Window Accessories, Escutcheon Plates, Bi-fold Cabinet Knobs & Pull Handles, and Security Plates. **Not to mention, the introduction of our Modern Stainless Steel Door Pulls ranging from 10" to 60" and contemporary stainless steel mail boxes of various designs.** Most of our door hardware is available in finishes such as: Brass, Polished Chrome, Brushed Chrome, Satin Nickel, Antique Nickel, Antique Brass and Oil bronzed. We also provide custom escutcheon plates on brushed stainless steel, mirror polished stainless steel and aluminium plates.

With the commitment to provide a high quality service and value to customers across Canada, SJ Imports Ltd. in association with RELIANCE LOCKS & HARDWARE has also been involved in providing door hardware to the booming housing industry in the Province of Alberta. Through various outlets in Calgary and Edmonton, our products and services have continued to rise especially with our assurance of providing our customers a 24-hour order turnaround and delivery commitment.

Maintaining quality at a reasonable cost is the most important thing we do for our customers. This includes customerized products and execution of deliveries on the same or next day whenever possible. sj imports ltd. strives to bring in contemporary and elegant locks and door associated supplies from reputable factories with accredited manufacturing standards.

Our Head-Office and warehouse distribution centre is located in the City of Richmond, very convenient to all courier and freight providers for pickup and deliveries. Our dedicated and motivated employees are the strength of the company. We are proud of our achievements and look forward to serving our valued customers better in the future.

Respectfully,

Raghubir S. Gill

Merchandise Warranty

Limited Warranty of Quality Assurance

All Reliance Brand Locks come with a Limited lifetime mechanical warranty. This guarantees that the locks are free from all defects in material and workmanship for the life of the product from the date of purchase by the original purchaser. This warranty lasts only while the original purchaser owns the product.

Apart from 10B, 17A, C3 and L1 finishes which are specifically designed to wear much quicker, the locks carry a five year finish warranty from the date of purchase by the original purchaser. A finish deterioration occurring from the use of paints, solvents or other chemical is not a defect and therefore is not covered by this warranty. This warranty lasts only while the original purchaser owns the product.

This Warranty does not cover:

- Damage resulting from negligence, misuse, or accident occurring after installations.
- Damage due to use outside normal conditions.
- Defects resulting from any modifications or improper installations.
- Improper torque (tightening) during or after installation.
- Improper door preparations.
- Locks installed without the original components supplied along with the proper installation procedure.
- Finishes which are specifically designed to wear over time (10B, 17A, C3, L1).

SJ Imports Ltd. does not assume any obligation other than the replacement or repair of the defective part or parts upon inspection, along with the proof of purchase during the warranty period. The company will either provide a credit, exchange product or repair the defective parts of any product deemed to be defective due to materials or workmanship. The company's maximum liability hereunder is limited to the purchase price of the product. The company is not liable for any labour charges, removal and reinstallation expense, freight or postage or any incidental or consequential damages resulting from any defective product.
